Subject: RE: Technical Memorandum on Candidate Technologies

Hi Suzy,

Thank you for the revised draft Technical Memorandum on Candidate Technologies. EPA will review and forward comments to your attention.

As previously noted, a "full complete deliverable must be received on the specified due date during normal business hours to be considered as compliant." Since the revised draft Technical Memorandum on Candidate Technologies was received in two parts on different days, this deliverable was not responsive to the requested due date of March 16, 2015. Deliverables shall be complete and adhere to the agreed upon due date, unless otherwise noted.

Should you have any questions regarding this email feel free to give me a call.

Regards,

Tanya
